Dear Geoff

Claim History

I write in relation to our recent telephone discussions to complement you and your staff on your exceptional claims history.

Aon has placed Transit Insurance on behalf of ABR Relocations and their customers since 1997 and until now, has no knowledge of any Transit Insurance Claims made against ABR Relocations.

It appears that the care taken whilst attending to your client goods has lead to your exceptional good claims record, which is quite rare in this industry.

Should you have any queries in relation to the above, please do not hesitate to contact me.

With Regards

Karen Nolan
